

Help us shake our foundation...

The Eston & District Recreation Board is planning to hold a virtual auction on April 17th to raise funds for the AGT Community Centre. This project involves replacing both ice surfaces, installing a new dasher board system and a new ice plant. Over the past few years we've run into the following issues:

- ***You may have noticed by looking at the yellow line that, it is 6 inches higher in some areas than others.***
- ***There is stress on the refrigeration system from the shifting. With the proposed changes that is being looked at, this will be eliminated.***
- ***The gates are no longer closing and the glass is wired together because of the shifting.***
- ***The curling club has lost their ice 2 years in a row due to plant and facility failures.***

We feel the AGT Community Centre is the heart of our community in the winter months. We are asking you to consider any kind of donation for our auction nothing is too big or too small, we will recognize you on our website, social media accounts and in our facilities. Any contribution will be greatly appreciated.

Please contact:

Mitch Lonnberg 306-402-7297 | mitch@eston.ca or

Erin Simpson at 306-260-6773 | recreation@eston.ca for pickup or delivery arrangements.

We would ask that all donations be in by April 10th. Thank you for your consideration.
