40	The list is endless!! The toughest problem will be to get someone to kickstart it and find help to run it. I used to think this was part of what the Recreation Director did but was flat out told it was up to volunteers to get it going. The Director just did scheduling. I feel if that is the case give the scheduling to the Town Admin staff and save your money!! We have a huge beautiful complex that is only partly used. Where is our kids bowling? How do you sign up for Pickle Ball? Could we have a walking club? Zumba?? Sometimes it seems (cynical as this sounds) that some programs are not set up to succeed. Then when it fails we can say "we tried". The attitude should be - that did not work so let's rethink our approach.	1/4/2023 10:24 AM
