### Canada Day at the Museum

The Prairie West Historical Society is once again having Canada Day festivities throughout the day. Pulled pork lunch with birthday cake and ice cream, musical entertainment and the car show. It is a lovely way to spend the day!

### Town Improvements

Over the past number of weeks you may have noticed some work being done around town by the Public Works crew and other to "shine up" Eston. Here are some highlights:

- **Eston Campground** The crew has made new picnic tables and cleaned up around the sites and added gravel to make a welcoming spot for visitors. The shower house has been refreshed with new lighting, floors, and paint. Also, we now offer online booking at [www.eston.ca/camping](http://www.eston.ca/camping).
- **Paving** The paving crew will be working on 3rd St and 7th Ave this summer and will be back again next year for further improvements.
- **Sewer Lining** This project is continuing on 3rd St and Railway
- **Eston Lions Pool House** With grant money, the pool house got a makeover! **King's Carpentry** did a great job updating this space. Be sure to visit and take a look.
- **Reburn Field Grandstands** You won't miss the transformation to the grandstands when you are at the Fairgrounds for the 2023 Summer Kick-Off. Public Works did a great refreshing the space and there is more to come.
- **Sidewalks** Work is being done to get the sidewalks in town back in shape. There is an annual budget for this ongoing project. We ask for your patience as we make our way around town. The 2023 allocation is designated for Eston Health Care Centre and Jubilee Lodge.
- **Parks & Green Space** The crew is doing their best to keep the parks clean & green this summer. Park will be watered Wednesdays. Sunken benches have been repaired and the checkerboard table was repainted after it had been vandalized. If you see something that needs attention, please let us know.
