

My name is Ward King. I was born and raised in Eston and I am the 3rd oldest of six siblings. I moved to Medicine Hat in 1990 where I met my wife Sandy and started a family. I worked in construction building houses, custom cabinets and then started my own finish carpentry business. After years of living in a fast pace of life we decided to move back home in search of the simpler way of life for our family.

I have volunteered in community projects such as communities in bloom, building the elevators in the rink and various other projects and coaching minor sports. I have been employed by the RM of Snipelake for 13 years.

As a counselor I would like to see Eston continue to prosper and feel that we continue to work on making Eston an attractive community for families and businesses to thrive.

I believe that we need to focus on maintaining and updating our infrastructure like sidewalks, streets, parks, landfill and cultural and recreational facilities and programs.

I would like to focus on communication, respect and a commitment to long term sustainability that benefits our town and tax payers.

I look forward to the opportunity of working with our community and fellow counsellors.
